Benefit Chicago is designed to allow everyone to participate – individuals, businesses and institutions. Created by The Chicago Community Trust, the John D. and Catherine T. MacArthur Foundation, and Calvert Foundation, Benefit Chicago provides a new way for everyone who cares about Chicago to invest for impact and make our home a better place for all.

How You Can Participate

Benefit Chicago is designed to allow everyone to participate – individuals, businesses and institutions.

Here’s how: Investors purchase Chicago-targeted Community Investment Notes® issued by Calvert Foundation. These are fixed-income securities with principal maturities ranging from one to 15 years and interest payable annually. They are available through a brokerage account with a minimum investment of $1,000 or online starting at $20.

Investors wishing to purchase Calvert Foundation’s Chicago-targeted Notes have two basic options:

1. **Start a donor-advised fund at The Chicago Community Trust** and designate some or all fund assets for investment in a Chicago-targeted Note®. Current fund holders at The Trust also may allocate existing or additional funds to these Chicago-targeted Notes®. **Visit www.cct.org**

2. **Invest through your own financial advisor**, through your brokerage account, through your donor-advised fund at any institution, or online. **Visit www.calvertfoundation.org/Chicago**

Individuals or institutions interested in purchasing a Chicago-targeted Note should visit benefitCHI.org to read the Calvert Foundation Community Investment Note prospectus.
Supporting Our Hometown

Calvert Foundation is issuing up to $50 million of its new Chicago-targeted Community Investment Notes® to further the mission of Benefit Chicago.

The Chicago Community Trust is making an inaugural $15 million, 15-year investment, which, along with all other investments in Chicago-targeted Notes®, will flow to our region’s social sector as follows:

**A**
Calvert Foundation will loan the proceeds of all investors’ Chicago-targeted Notes to a new charitable fund that the MacArthur Foundation has established solely to advance the mission of Benefit Chicago.

**B**
The MacArthur Foundation is transferring $50 million of its own assets to this new special-purpose fund, creating a combined pool of capital - with a total goal of $100 million.

**C**
The fund will use this pool of capital for loans and other investments to eligible nonprofits and social enterprises that help meet significant community needs in the Chicago region, such as education and child care, access to healthy food, quality affordable housing, energy conservation, job training and more.

**A Community Advisory Committee**, chaired and convened by The Trust, will help inform the fund’s priorities and work on an ongoing basis.

About the Collaborators

The Chicago Community Trust, the John D. and Catherine T. MacArthur Foundation and Calvert Foundation joined forces to create Benefit Chicago.

Benefit Chicago is powered by their collective philanthropic commitment, knowledge of the social sector in Chicago, and longstanding impact investing experience. It provides a new way for everyone who cares about Chicago to invest for impact and make our home a better place for all.

- **The Chicago Community Trust** has been serving the people of metropolitan Chicago together for more than 100 years to bring about conditions for a thriving region where all residents enjoy a high quality of life and opportunities for a better future in a prosperous and inclusive community.  
  [www.cct.org](http://www.cct.org)

- **The John D. and Catherine T. MacArthur Foundation** supports creative people, effective institutions, and influential networks building a more just, verdant, and peaceful world. The Foundation has a 30-year track record in impact investing and has dedicated $500 million of its assets solely to this kind of investment. The Foundation has an enduring commitment to Chicago, its hometown, for which it has provided nearly $1.1 billion in grants and impact investments since 1978.
